

Acknowledgement

On behalf of our team, I would like to wish our wonderful clients, families, friends in the business and the community a wonderful Merry Christmas and a Happy New Year.

May you find pockets of joy, moments of wins, the strength to continue and loose pants to eat all the Christmas treats over this holiday period.

We wish you well and we look forward to journeying with you in 2023.

Love May

How time flies!

How fast has this year gone? In a blink of an eye, Christmas will be here. I wonder if you are reading this, can you reflect on 5 things that you have achieved this year? So here is my reflection on some of wins within the HIH community.

- We attended several specialist meetings to help advocate for our clients.
 - We have connected and partnered with other service providers to collectively work together to make a difference in the community.
 - We watched and supported our clients to reach some of their goals.
 - We supported our team, clients and the community through some very tough decisions.
 - We wrote so many reports, fought and been knocked back by the NDIS, however, we managed to find ways forward until we can advocate again.
- We personally journey with our clients and within our team to brainstorm plan for 2023. From a management perspective, 2023 will be a pivoting point for our service delivery – all to benefit current and future clients.

KOKOMO Christmas Party

We celebrated with our team sailing through the canal of Mooloolaba with Set Sail Cruises. The sky opened and blessed us with a beautiful sunshine, music and good people. Not all our team members were there as some were on shifts. Many thanks to Bryan, our captain for putting up with our poor choice of music, laughter and terrible dance moves.

Staff news

Welcome to our newest staff members Vanessa, Louisa and Belle and Happy Birthday to our senior administrator Jenny.
